8" Meter	\$2702.79

Bills are computed by adding the quarterly meter charge, quarterly metered volume charge, quarterly public fire protection charge and quarterly sewer charge.

Payments are typically due the 20th of the bill month. Late payments will be assessed a 3% penalty.

Service can be disconnected for failure to remit payment.

Reconnection fee: \$45.00 during normal business hours; \$100.00 after normal business hours.

Sewer Charge

Sewer usage for each property is determined by the usage of the first quarter usage, April Utility bills (January 16th through March 15th usage)

This new usage appears on the April bill and remains constant for the following three quarters, regardless of water consumption. By doing this, sewer charges do not become inflated during the summer when additional water is being used for outdoor purposes.

The sewer rate is \$8.78/1000 gallons. Minimum quarterly sewer charge is \$70.24. (approx. 8000 gallons).

**BULK WATER IS BILLED AT \$3.74 / 1000 GALLONS PLUS A \$45 HYDRANT HOOKUP.
HYDRANT HOOKUP IS CHARGED EACH TIME THEY HOOKUP.**

Typical minimum quarterly fees will be \$133.82.
