Country Municipal Court, is that we have to have our bond schedule always approved by the court and the judge. He said that can always be done after the fact, the problem there is if they have an issue we have to go back and fix that. He said we mirrored some municipalities that already use the Lake Country Court so he is very confident that it would work since it already had in other communities. He said he received a letter from the Judge saying he approves of the Bond schedule for the 1st, 2nd, and 3rd offenses and more in its entirety. He said the map will be available at the Village Hall and the Police Department. He said once the ordinance is approved that is something that will be on our website.

6. Consideration of a First Reading of Bill for an Ordinance No. 05/22/2023-01 "An Ordinance to Amend Chapter 70-3 of the Village of Hartland Municipal Code Pertaining to Park Hours with Penalty".

Public Works Director Felkner said it was noticed that it is outdated and last updated in 1991 and 2005. He said now that we have lit paths people want to know if they can access them after hours. It was taken to Park board, staff, Police and Fire. He said what was added was that Nixon Park hours shall be established and posted from time to time which may be different than hours of other applicable parks. He said all parks hours are sunup to sundown with the exception will be the lit path. He said under subtitle 5, there needs to be a fine if violated so that is the only thing that was added. Pfannerstill asked about the Ice Age Trail. It was stated that the Ice Age Trail path is not Village property. Chief Misko said officers do have discretion and if someone has a reasonable explanation.

7. Consideration of a First Reading of Bill for an Ordinance No. 05/22/2023-02 "An Ordinance to Amend Chapter 70-4 of the Village of Hartland Municipal Code Pertaining to Posting of Notices".

Felkner said under 70-5, under subtitle 2 refers to how you get a permit, you come to the village hall get a permit, a background check is done by Police Department. And subtitle 3 refers to the Beer Garden, as there was never anything added for the Beer Garden.

Motion (Hallquist/ Conner) to approve the appointment of Bob Wisniewski to the Business Improvement District. Motion carried.

14. Discussion and Consideration of awarding Hartbrook pedestrian bridge construction.

Public Works Director Felkner said in 2021 it was determined that the Hartbrook Pedestrian Bridge needed replacement. He said the walk bridges and vehicle bridges are inspected every 2 years. He said there was a complete failure to the underside of the framing of that bridge, so they put it in the 2023 budget for 205,000.00. He said they sent it out for permitting and soil testing. He said the soil testing came back bad and so which deemed they needed to make a longer span and bridge to increase the labor costs, the DNR permitting so through that soil boring it also stated that our footings would have to be pounded 30 feet deep in concrete pylons for the abutment support of this bridge. He went on to say it's likely that the path will have to be replaced on the west side for ADA compliance which will include once all the dump trucks are pulled back there to put in fill, they will destroy the whole path so it will have to be paved all the way to North Avenue. He said there is an alternative which may back that down a bit, he said we are 100,000.00 under budget for our 23 paving projects so if we have to replace the path, we could use some of that money for paving the path so that will bring that number down. He said the whole proposal was put out to 3 companies to bid on and Zenith Tech, Inc bid came in at 294,936.64. He said this is only for the

abutments and the path repair, the bridge is already constructed so this came in a lot higher than we thought. Pete from R&M said when we first upped the budget to 205,000 we had not received the soil investigations back yet and we had an original quote from Wheeler for the bridge structure. He said with the poor soils that came back Wheeler essentially gave us a new quote because we also wanted to take the bridge from it currently 45 ft long we were originally planning 50 ft but for permitting purposes if you keep it outside the wetlands that are adjacent to the river it's a lot shorter of a permit process like 60 days of review vs could be 9 months of review and we didn't want to delay this so we got a higher quote back from Wheeler and then when they did their design for the abutments they said on each side there needed to be three 30 ft deep cast in place concrete pilings. He said all this work has to get done from the east side of the river because you can't take a crane for driving those pylons onto the west side of the river so with the constraints that we have, the bid obviously came back a lot higher than we originally anticipated. He said we believe the right path is to still move forward with the bridge and that is what our recommendation is. Bailey said the office gets calls weekly about the bridge and wanting it to be open, it one bridge that really used around town. Felkner said he reached out to Wheeler and asked if we should push it off and bid next year. Felkner said he was told you shouldn't do that, because all the state bridges are opening up their bids for construction next year and all 3 of the companies that bid will be busy and will pick and choose and it could go by the wayside.

Pfannerstill commented on the original total 294,936.64 and the additional amount. Mr. Gesch said there was the \$71,000.00 change from Wheeler, the R&M costs for design, permitting, the bidding and spot checking for construction administration. He said on page 2 of the memo is the total of everything combined which is the 432, 037.64. Pfannerstill asked if an adjustment was needed to the overall budget since it was such a large number. Gesch said our recommendation is to award the project and that award is the 294, 936.64 then for Zenith Tech and then everything combined would be the 432,036.64.

Wallschlager asked why we are just now getting the information about the soil testing and abutments; shouldn't this have been done and then a bid submitted to us. Gesch said at the time it was put in the CIP, in 2021 it came forward that the bridge needed replacement and that was about the time that budgeting was done so soil investigation had not been done. Hallquist said there was 205,000 that was budgeted, and he asked Felkner if the amount that he said that could reallocated was 100,000. Gesch commented that the amount was probably closer to \$150,000.00 Felkner said the paving of the path is about 50,000.00. Hallquist said so it is not exactly 227,000, it will be less than that then. Pfannerstill said he doesn't see it coming down any and he spoke with Felkner that going forward to do soil samples right away when work needs to be done by the river. Felkner said this is the last bridge over the river that needs to be replaced. They reached out to the IATA to help with the cost and they had zero interest.

Motion (Truttschel/ Conner) to approve the awarding of the Hartbrook Pedestrian Bridge construction to Zenith-Tech in the amount of \$294,936.64, plus the cost of the bridge, permitting, design for a total of \$432,037.64. Carried.

Gesch said the permits are ready and once this is awarded it is about a month for the contract signing and depending on their schedule, the deadline on the project is to be done by the time school starts again.

To: Village Board	Date: 05/31/2023
Submitted By: Chief Torin J. Misko	
Subject: Operator License for Justin Buschke	

Details: I am recommending denial of Justin Buschke’s Operator License application due to a felony drug conviction on 10/17/2014 and Operating While under the Influence conviction on 09/28/2020.

Mr. Buschke was arrested for the following criminal drug charges by the Menomonee Falls Police Department on 05/20/2013.

- 961.41(1m)(h)1: Possess with Intent to Manufacture, Distribute or Deliver THC (Felony). Convicted on 10/17/2014.
- 961.42(1): Maintain Drug Trafficking Place (Felony). Dismissed and Read In on 10/17/2014.
- 961.573(1): Posses Drug Paraphernalia (Misdemeanor). Dismissed and Read In on 10/17/2014.

On Buschke’s criminal history there is a note that states “CCAP Disposition – Court case has been expunged from official court record.” District Attorney Susan Opper was contacted regarding this conviction being expunged from the court record and she informed me that “expungement applies to court records only, not records held by district attorneys and law enforcement agencies.” DA Opper referred me to our Village Attorney as to how this felony conviction would apply to an operator license application. Village Attorney Christopher Koehnke was consulted and believed that the felony conviction was clearly established on Buschke’s criminal history which makes it applicable to this process.

In addition, Mr. Buschke was arrested for the following Operating While under the Influence (OWI) related charges by the Town of Oconomowoc Police Department on 12/03/2019.

- 346.63(1)(a)/: OWI Second Offense (Misdemeanor). Convicted on 09/28/2020. (First Offense OWI arrest occurred on 03/14/2014)
- 346.65(2)(f): OWI with a Minor Child in the Vehicle (Misdemeanor). Amended by Prosecutor/Court to OWI Second Offense on 09/28/2020.
- 346.63(1)(b): Operating with a Prohibited Alcohol Concentration (Misdemeanor). Dismissed on 09/28/2020.

Mr. Buschke was arrested with a prohibited alcohol concentration of 0.206 g/100mL and had a three year-old child in the vehicle. In addition, he caused a car accident with another vehicle prior to his arrest.

Options & Alternatives:

1. Deny the Operator License for Mr. Buschke due to his felony conviction and recent OWI conviction.
2. Approve the Operator License for Mr. Buschke.

Executive Recommendation: Deny Justin Buschke’s Operator License application.

DEPARTMENT OF JUSTICE

Request Date: **5/15/2023**

Report Date: **5/15/2023**

This criminal background check was performed by searching the following data submitted to the Crime Information Bureau

Name: **BUSCHKE, JUSTIN T**

Date of Birth: **5/25/1992**

Alias Names:

IMPORTANT EXPLANATION ABOUT HOW TO UNDERSTAND THIS RESPONSE

This response reports the results of a criminal history search conducted with the name, date of birth, and any other identifying data you provided. The identifying data you provided is printed above. If you submitted fingerprints with your search request see the statement below.

Read this entire explanation, the How to Read the Following Criminal History Report section and the Notice to Employers section. Read these sections carefully to understand how this response relates to the identifying data you provided.

Printed below these explanations is a Wisconsin criminal history record that has been identified as a possible match to the identifying data you provided.

A criminal history search based only on a name, date of birth, and other identifying data that is not unique to a particular person (like sex or race) may result in:

1. Identification of criminal history records for multiple persons as potential matches for the identifying data submitted, or
2. Identification of a criminal history record belonging to a person whose identifying information is similar in some way to the identifying data that was submitted to be searched, but is not the same person whose identifying data was submitted for searching.

The Crime Information Bureau (CIB) therefore cannot guarantee that the criminal history record below pertains to the person in whom you are interested.

You must carefully read the entire Wisconsin criminal history record below in order to determine whether the record pertains to the person in whom you are interested.

Do not just assume that the criminal history record below pertains to the person in whom you are interested.

Additional information about finger-based search submissions: Fingerprint-based background checks generally provide a more reliable result and are prone to fewer false matches due to the specific identifying features of fingerprints.

HOW TO READ THE FOLLOWING CRIMINAL HISTORY REPORT

The criminal history reported below is linked by fingerprints to the name appearing directly after these explanatory sections, following the label IDENTIFICATION. That name is the name that was provided by the fingerprinted person the first time his or her fingerprints were submitted to CIB; it may or may not be the real name of the fingerprinted person. That name is called the Master Name in these explanatory sections.

It is not uncommon for criminal offenders to use alias or fraudulent names and false dates of birth, sometimes known as identity theft. Other names used by the person identified who is the Master Name are listed in the Alias Names/Fraudulent Data section of the criminal history report below.

If the name you submitted to be searched is DIFFERENT from the Master Name below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. If an alias or fraudulent name used by the person who is the Master Name is similar to the name you submitted for searching, that does not mean that the person whose name you submitted for searching has a criminal history. It means that the person associated by fingerprints with the Wisconsin criminal history below has used a name similar to the name you submitted for searching.

If the name you submitted to be searched is THE SAME as the Master Name below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. That is because the Master Name is the name attached to the initial fingerprint submission to CIB that is associated with the reported criminal history, may have been an alias name or a name similar to the name you submitted for searching.

To determine whether the Wisconsin criminal history below actually belongs to the person whose name and other identifying information you submitted for searching, compare the information reported below to the other information you have obtained about that person. Inconsistencies may indicate that the criminal history reported below does not belong to the person whose name and other identifying information you submitted for searching. You may need to ask for clarification from the person whose name and other identifying information you submitted for searching.

Before you make a final decision adverse to a person based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The person should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

The Wisconsin criminal history report below may not show all arrests for the person whose fingerprints are associated with the reported criminal history. However, the criminal history report contains all information that has been provided to the state criminal history database that may be released in response to your request.

The results of this search are effective and current for the date of this search only. A new search request should be submitted at a later time if an updated response is needed.

NOTICE TO EMPLOYERS

It may be a violation of state law to discriminate against a job applicant because of an arrest or conviction record. Generally speaking, an employer may refuse to hire an applicant on the basis of a conviction record only if the circumstances of the offense for which the applicant was convicted substantially relate to the circumstances of the particular job. For more information, see Wisconsin Statute 111.335 and the Department of Workforce Development's publication, Arrest and Conviction Records Under the Law.

Before you make a final decision adverse to an applicant based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The applicant should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

NARRATIVE

On Monday, 05/20/2013 I, Officer Harding, was on routine patrol in a marked Menomonee Falls Police Department (MFPD) vehicle and was observing east/westbound Main Street traffic from the parking lot at Gordie Boucher Ford, N88 W14300 Main St., Menomonee Falls. While sitting on the parking lot I was conducting speed detection using a department-issued LIDAR unit. I observed an eastbound vehicle on Main Street pass my location. I estimated this vehicle's speed to be approximately 52 miles per hour. I activated the LIDAR unit on this lone vehicle and received a reading of 52 miles per hour. I immediately pulled out and turned on my squad's red/blue emergency lights and siren in order to catch up with the vehicle, which was continuing eastbound on Main Street. I conducted a traffic stop of the Toyota on eastbound Main Street just east of Old Orchard Road. The license plate on the vehicle was identified as WI/150UPL, listing to a subject out of Sussex on a red 2013 Toyota Corolla 4-door.

I exited my squad and approached on the driver's side of the red Toyota Corolla. I identified myself to the driver and informed him of the reason for the stop. I asked him if he knew how fast he was going; he told me was on his way to work and was not aware of his speed. The driver told me that the only identification he had in the vehicle was an identification card from his place of employment (Rockwell Automation - Mequon, WI). While standing at the vehicle I also identified the driver verbally as **BUSCHKE/JUSTIN/T., M/W, DOB 05/25/1992**. I obtained general information, including a telephone number, and asked Buschke if

he had an insurance card in the vehicle. He told me he did not and had been stopped by MFPD recently, at which time he was issued a 14-day compliance citation to get this issue fixed.

While standing at the driver's door of the vehicle I took note of an empty Gatorade bottle with a brown flaky material coating the inside. I found this odd, as I do not see very many empty Gatorade bottles with what appeared to be dried brown tobacco inside. At one point during my initial contact with Justin Buschke while inquiring about an insurance card he leaned over to the glove compartment, at which time I shined my flashlight into the rear passenger compartment of the vehicle. I noticed numerous items in the back seat of the vehicle and on the floorboards, including empty bottles. I noticed one item in particular, a glass Mason jar filled with what appeared to be a green/leafy substance. I could only see approximately 1/3 of the jar; however, based on my training and experience believed that this substance could possibly be marijuana.

After my initial contact with Justin Buschke, I returned to my squad car and completed a uniform traffic citation for speed. Upon exiting my squad, I decided to make a passenger side approach in order to get a better look at the item that I believed was possibly marijuana. I approached the passenger side of the red Toyota Corolla and shined my flashlight onto the rear passenger floor, getting a very close look of the item that was in plain view. Based on my training and experience, this item did appear to be a glass Mason jar filled with marijuana.

It should be noted that one week earlier I had a similar case/incident involving a subject who was keeping marijuana inside a sealed glass Mason jar inside a vehicle.

At this time I returned to the driver's side of the vehicle and asked Justin Buschke to exit so that I could explain the citation to him. Upon stepping to the back of the vehicle I informed Buschke of the item I saw in the rear passenger compartment area of his vehicle and asked if it belonged to him. He stated that it did not and he didn't know if there was any marijuana inside the vehicle. Buschke stated that the vehicle is primarily driven by him and no one else. The only other people who drive the vehicle might be his 16-year old brothers, who drive it up and down the driveway at their residence. He also stated that he also took passengers, including friends, to and from places.

I requested a second squad to back me up. Officer Bucher did respond to the scene.

Justin Buschke continued to put his hands in his pockets prior to Officer Bucher's arrival. I conducted a pat down of Buschke's person for weapons (none located).

Upon Officer Bucher's arrival I made him aware of the circumstances. I then returned to the rear passenger side of the vehicle and opened the door. Justin Buschke immediately stated, "Hey, you can't do that." I informed him that because

the item was in plain view, I was allowed to enter the vehicle to see if the item was what I believed it to be. I opened the item, and it did have a strong odor of marijuana.

At this time I placed Justin Buschke in safety-locked handcuffs and searched him incident to lawful arrest. I informed him that he was under arrest for Possession and escorted him to Officer Bucher's squad car.

I continued searching the vehicle and did locate numerous items inside. On the front seat I discovered two separate large amounts of cash (mostly \$20 bills). The total amount of cash inside the vehicle was \$1051.00. The red Toyota Corolla has two glove compartments, one with the door flipped down (nothing inside) and the other with door flipped up. Inside the glove compartment with door flipped up I located another Mason jar containing a green/leafy substance similar to marijuana. Also inside this glove compartment were three small nuggets of a green/leafy substance, which were placed in a paper bag provided to me by Officer Bucher. Underneath the passenger seat I located one more small nugget of a green/leafy substance similar to marijuana. A pipe with a green/leafy substance inside was located in the center console. In the rear passenger compartment there was an empty Mason jar and a white plastic bag on the rear seat. This bag contained a scale, a grinder, and another glass Mason jar full of a green/leafy substance (similar to and with the odor of marijuana). I also located the packaging and directions for the scale that was inside the white plastic bag. I conducted a search of the vehicle's trunk and located numerous plastic bags, as well as a package of glass Mason jars (some were missing; some had not been used yet). Inside the trunk I also located a black duffel bag containing a FoodSaver Sealer (used for packaging the marijuana). I placed all of these items inside my squad car and returned to MFPD.

The vehicle was subsequently removed from the scene by Morison Towing (non-evidentiary, no-preference tow).

Upon arrival at MFPD I brought all of the aforementioned items inside while Officer Bucher remained with Justin Buschke. I explained everything to the duty supervisor (Sgt. M. Lewek). It was determined that Det. Brooks would be paged in order to come in and speak with Buschke. Officer Bucher did take custody of all items. Please see Officer Bucher's supplemental report regarding the inventorying of these items. Det. Brooks did respond to MFPD and interviewed Buschke, obtaining his written statement (see attached). Prior to the questioning of BUSCHKE by Det. Brooks, I did speak with him. He instructed me to inventory everything including the cash that was taken from the vehicle. Det Brooks said that an attempt to seize this cash would be made based on this incident. All items, including the cash, were turned over to Officer Bucher and inventoried by him. There was no property receipt provided to Buschke.

Upon completion of the statement and booking process, Justin Buschke was released

NARRATIVE

On Monday, 05/20/2013 at 9:34 p.m., Officer Harding conducted a traffic stop in the area of Main Street and Old Orchard Road. Shortly after the traffic stop, Officer Harding requested a second officer respond to his location. I, Officer Bucher, was dispatched to back up Officer Harding.

Upon my arrival I observed Officer Harding's traffic stop on the south side of Main Street in the eastbound lanes. Officer Harding had a male subject, later identified as **Justin Buschke**, seated on the curb between the squad car and the Toyota Corolla that he had stopped. Officer Harding requested that I stand by with Buschke while he conducted a search of the vehicle. Shortly after the search Officer Harding took Buschke into custody. Buschke was handcuffed, searched, and secured in the rear of my marked squad (Fleet 132). I asked Buschke if he was comfortable in the back, and he asked that I roll down both windows to allow for air flow in the back seat.

Officer Harding indicated that he found several Mason jars inside the vehicle. These Mason jars were filled with a green vegetable-like material that he believed to be marijuana. Officer Harding removed several other items from the vehicle that were believed to be drug paraphernalia.

Once the vehicle was removed from the scene by Morison Towing, I transported Justin Buschke to the Menomonee Falls Police Department (MFPD). Upon arrival at MFPD, Buschke was escorted to the Booking Room. I then met with Officer Harding in the break room area at MFPD while Officer Palmer stood by with Buschke in the Booking Room. Officer Harding turned over the items that were seized from the vehicle to me. Those items were identified as follows:

- 2 Mason jars filled completely to the top with a green vegetable-like material.
- 1 brown paper bag with four nuggets of the green vegetable-like material inside.
- 1 Mason jar with small traces of the green vegetable-like material around its interior.

- 1 Mason jar filled approximately 1/4 full with a green vegetable-like material.
 - 1 multi-colored glass pipe with what appeared to be burnt marijuana on the inside.
- Based on my training and experience, I believed the substance inside the multi-colored glass pipe was marijuana due to its odor and the way it looked.
- U.S. currency: 51, \$20 bills; 3, \$10 bills; 1, \$1 bill.
 - 1 vacuum food sealer, along with used and unused sealer bags.
 - 7 unused/clean Mason jars.
 - 1 plastic bag filled with rubber bands.
 - 1, 16-count box of vacuum sealer bags.
 - 1, 50-count box of sandwich bags.
 - 1 sandwich bag with trace mounts of vegetable-like material (believed to be marijuana).
 - 1 red-handle scissors.
 - 1 Diamond Grind marijuana grinder with trace amounts of green vegetable-like material on its interior (believed to be marijuana).
 - 1 package of Zig-Zag rolling papers.
 - 1 digital scale and its box.

I brought all of the items to the MFPD Evidence Processing Room. At that time I weighed the suspected marijuana individually (independent from its bags/containers). The contents of the first full Mason jar weighed 48.17g. The contents of the second full Mason jar weighed 43.29g. The contents of the brown paper bag weighed .91g. The contents of the 1/4 full Mason jar weighed 4.4g. I was unable to get a weight on any of the substances found inside any of the other containers, as the amounts were so small. The total weight of all the green vegetable-like material that was weighed was 96.77g. I relayed this information to Officer Harding.

I then subjected a representative sample of the green vegetable-like material from each container to the NARK II Field Test (common test utilized to detect the presence of THC, the active ingredient in marijuana). All of these items tested positive for the presence of THC. Each container was tested separately. All of the containers tested positive for the presence of THC. These results were also relayed to Officer Harding.

I then placed all of the items onto a table in the MFPD Evidence Processing Room. I documented my observations of these items utilizing the Department's Nikon D70 digital camera. I took a total of 22 digital photographs. Det. Brooks requested that these photos be placed onto a disc for him. I sent an Email to Det. Marinin requesting that he create the disc for Det. Brooks.

I then packaged all of the items listed on MFPD Property Inventory #13-575; Items #1-#19 were placed in Evidence Locker #8.

STATEMENT OF: Justin Thomas Buschke

Today around 9:30pm, I was driving in Menomonee Falls on Hwy 74 just East of the car dealership in Menomonee Falls. The Police officer approached my car. He asked if I knew why I was being stopped. I told him, I was speeding. The officer confirmed that I was speeding. The officer asked me for my identification. I ~~gave~~^{showed} him my work identification, because I didn't have my driver's license with me. The officer wrote my information down, then went back to his car for about fifteen minutes. When the officer came back to my car, he came up on the passenger and flashed his flashlight in the back window. The officer then came back to the driver side of my car, and asked me to step out. The officer had me step to the back of the car so he could explain my ticket. The officer started talking to me about marijuana he ~~sees~~^{believes} ~~in~~^{is} my car. The officer had me sit on the curb, while he waited for another officer. After the other officer arrived, officer Hendry started searching my car. Officer Hendry found approximately three or four Mason jars that contained marijuana. There were some jars on the floor in the back seat area, and some jars in the glove box that contained marijuana. There was also several empty/unused Mason jars. ^{There is} Officer also found a book bag which was black in color. There was a food seaver, and the bags that go

CASE #: 2019-000272-ACC DATE: 12/03/2019
OFFICER: Spencer Kranz INCIDENT: Oawi(State)

On Tuesday, 12-03-19, at approximately 5:37 p.m., I was conducting patrol in the Town of Oconomowoc when I was approached by a concerned citizen in the Kwik Trip parking. He just witnessed a big car accident up the road in the area of Brown St. and W. Lake Dr. After I received this information I notified dispatch of what I was told and I made my way up to the scene.

A short time later I arrived on scene. At this time I observed a vehicle bearing Wisconsin plate 150UPL at a complete stop in the southbound lane of Brown St., in the area of W. Lake Dr. I immediately observed that the air bags were deployed and there was scattered debris throughout the roadway. I then observed a vehicle bearing Wisconsin plate 737ZVH at a complete stop in the northbound lane of traffic and the back end was completely caved in.

I made contact with Justin T. Buschke, M/W, DOB: 05-36-92, who was holding the child. The child appeared to be fine, he was not crying at all however; Justin was very emotional. Both he and his son were involved in the accident.

While speaking with Justin I noticed an odor of intoxicants coming from his person. Justin also had slurred speech and his eyes were bloodshot and glassy.

I asked Justin if he or his son were injured. He stated he and his son were not injured, he was just more shaken up. At this point I called for an ambulance to have all parties checked over. I advised Justin to wait for the ambulance crew and I would be back with him shortly.

I then spoke with the operator of the other vehicle involved in the accident. The operator stated he was okay and he was not injured. I did remain on scene with Justin and until the ambulance arrived.

I called for the Village of Oconomowoc to block southbound traffic at Lisbon Rd. and Brown St. Officer Bolyard of this department blocked off traffic at Hill Rd. and W. Lake Rd. Officer Williams of this department blocked off northbound traffic on Brown St. at Country Club Ln. I then had the fire personnel block off traffic for Officer Bolyard so he could assist me in the investigation.

Officer Bolyard and I took photographs of the accident and then I went to check on Justin and the child who were in a Western Lakes ambulance. As I entered the ambulance I noticed a very strong odor of intoxicants coming from within the ambulance.

While speaking with Justin I noticed he had continued slurred speech, he was very emotional and I got a better look at his eyes, which again were bloodshot and glassy. As to get a better idea of Justin's injuries I asked him where he was hurting. He stated it was just his chest that was hurting. I asked him if he hit his head on anything in the vehicle. He stated he had no pain in his head and he didn't believe that he injured his head in the accident.

Town of Oconomowoc Police Department

IR #2019-0272

Justin did eventually admit that he had been drinking previously. He stated he had two drinks before picking up _____ that being Justin's parent's house.

It was determined that Justin was going to be transported to Oconomowoc Memorial Hospital for his injuries and _____ would be turned over to Justin's parents and _____ would remain with them for the night.

Once Justin's parents took _____, Justin was transported to OMH. I did follow the ambulance to continue with the investigation.

We arrived at OMH and Justin was taken to emergency room #2 where the nursing staff addressed some of Justin's injuries.

I advised Justin that I wanted to run him through some field sobriety test, the HGN Test, for my investigation. Justin agreed. I advised Justin to take his glasses off and I needed him to follow the tip of my finger with his eyes and his eyes only and not to use his head to assist him. He stated he understood. I made two passes to check for equal tracking and equal pupil size. I did observe both present and did not observe resting nystagmus. I made two more passes looking for lack of smooth pursuit. I did observe 2 clues. I then made two more passes looking for distinct and sustained nystagmus at maximum deviation. I did observe two clues. I again made two more passes looking for onset of nystagmus prior to 45 degrees. I again observed two clues. I did test for vertical nystagmus and I found vertical nystagmus to be present as well.

I retrieved a PBT unit from squad 693 and asked Justin if he would give me a sample of his breath. He stated he has done it before and he was willing to give me a sample, which resulted in a reading of .222%.

At approximately 6:30 p.m. I advised Justin that based on my investigation and the field sobriety tests he was going to be placed under arrest for operating while intoxicated 2nd offense with a passenger under the age of 16. Justin became very upset and emotional and started asking questions. At this point I read Justin the Miranda Warning card verbatim. Justin did agree to speak with me regarding the incident and he was aware he was under arrest.

I read Justin the Informing the Accused Form verbatim. He did agree to give a sample of his blood.

A phlebotomist from OMH arrived a short time later and drew two vials of blood from Justin's arm. Those vials were then placed back in the State Lab of Hygiene blood kit. The blood kit remained in my possession until it was property inventoried under PI #2019-0125 at the Town of Oconomowoc.

I then read Justin the Alcohol/Drug Influence Report verbatim. Justin did agree to speak with me. Officer Bolyard witnessed Justin sign the paperwork. Justin stated he had two drinks at Whiskey Waters at approximately 2 p.m. and stopped at approximately 3:00 p.m. He stated he had one Jack and coke and one IPA beer. Justin stated he picked up _____

at approximately 3:30 PM at _____. Justin stated he knew he messed up but he didn't see the vehicle in front of him trying to turn east onto W. Lake Dr. from Brown St. He

Town of Oconomowoc Police Department

IR #2019-0272

also told Officer Bolyard that just prior to the accident _____ asked him a question and when he turned around to answer _____ that is when the accident happened.

I then allowed medical staff to continue with treating Justin's injuries.

Officer Bolyard spoke with _____, who was medically cleared from OMH with no injuries.

At this point Officer Bolyard advised _____ and Justin that their vehicle were towed by Bulldog Towing.

Justin's father arrived at OMH a short time later and he was advised of the process and what would happen next. It should be noted that Justin did give us permission to speak with his father.

I did issue Justin State citation #BB895289-3 for operating while intoxicated 2nd offense with a passenger less than 16 years of age and municipal citation #BB895288-2 for following to close. I did provide Justin with his copies of the citations and paperwork. I advised him that the State citation had the correct date however; I put the wrong time on it. I advised him the time was 1:30 p.m. on December 10th at the Waukesha County Courthouse. He stated he understood.

After explaining the citations to Justin I requested that Officer Williams respond to OMH to transport Justin to the Waukesha County Jail after he was medically cleared. I requested Officer Williams for the transport as he has a larger backseat and it would be more comfortable due to Justin's injuries. It should also be noted that Justin was handcuffed in front due to his chest injuries before transporting him to the jail.

I have nothing further at this time.

To Whom This May Concern:

We are wanting to add up to and not exceed 5 chickens to our property for the purpose of egg laying. The chickens will be kept in an above run coop designed by Urban Coop Company and measures 4 1/2' x 4'. They will be allowed to roam occasionally when supervised within fenced in area between the house and garage. We are only looking to provide eggs for our family of 5 with no plans to sell any eggs. We would like to house up to 5 chickens as we may need to have chickens that are too young to lay or too old to lay in the coop at the same time as laying chickens.

Thank you for your time.

Nathaniel and Jennifer Appleton

Actual Coop

Previous Location

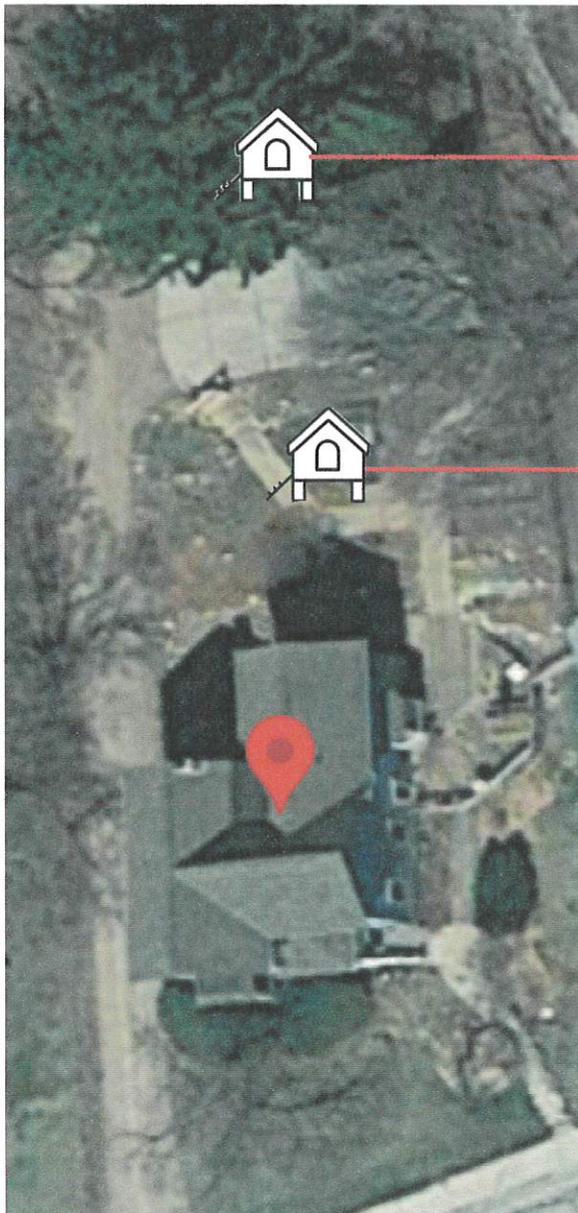

We would like to renew our permit for keeping laying hens on our property and increase the number of chickens kept on our property. Our previous permit was for 5 hens while we only owned 4 at the time, but we would like to increase it to 13 for the following reasons:

- 1) We have had hens pass away, and for the sake of them being our children's personal pets, we replaced them. For integration purposes, we have added 4 hens on two different occasions for a total of 8 additional chickens and a new total of 10 chickens in our personal flock.
- 2) We were asked to temporarily keep 3 chickens that belonged to friends who moved, but they have been unable to get permission to move their chickens to their new home. We would like to keep them permanently.

The chickens are kept in 2 different coops on our property with generously sized runs. They are allowed to roam only within specific fenced in areas while we are at home.

These animals are intended to be kept as pets.

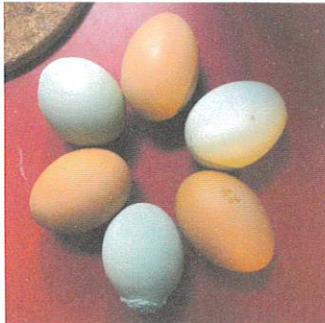

The chickens co-exist with a Newfoundland dog on the property.

Request Date: **5/16/2023**

Report Date: **5/16/2023**

This criminal background check was performed by searching the following data submitted to the Crime Information Bureau

Name: **BAUR, KURT T**

Date of Birth: **7/14/1983**

Alias Names:

IMPORTANT EXPLANATION ABOUT HOW TO UNDERSTAND THIS RESPONSE

This response reports the results of a criminal history search conducted with the name, date of birth, and any other identifying data you provided. The identifying data you provided is printed above. If you submitted fingerprints with your search request see the statement below.

Read this entire explanation, the How to Read the Following Criminal History Report section and the Notice to Employers section. Read these sections carefully to understand how this response relates to the identifying data you provided.

Printed below these explanations is a Wisconsin criminal history record that has been identified as a possible match to the identifying data you provided.

A criminal history search based only on a name, date of birth, and other identifying data that is not unique to a particular person (like sex or race) may result in:

1. Identification of criminal history records for multiple persons as potential matches for the identifying data submitted, or
2. Identification of a criminal history record belonging to a person whose identifying information is similar in some way to the identifying data that was submitted to be searched, but is not the same person whose identifying data was submitted for searching.

The Crime Information Bureau (CIB) therefore cannot guarantee that the criminal history record below pertains to the person in whom you are interested.

You must carefully read the entire Wisconsin criminal history record below in order to determine whether the record pertains to the person in whom you are interested.

Do not just assume that the criminal history record below pertains to the person in whom you are interested.

Additional information about finger-based search submissions: Fingerprint-based background checks generally provide a more reliable result and are prone to fewer false matches due to the specific identifying features of fingerprints.

HOW TO READ THE FOLLOWING CRIMINAL HISTORY REPORT

The criminal history reported below is linked by fingerprints to the name appearing directly after these explanatory sections, following the label IDENTIFICATION. That name is the name that was provided by the fingerprinted person the first time his or her fingerprints were submitted to CIB; it may or may not be the real name of the fingerprinted person. That name is called the Master Name in these explanatory sections.

It is not uncommon for criminal offenders to use alias or fraudulent names and false dates of birth, sometimes known as identity theft. Other names used by the person identified who is the Master Name are listed in the Alias Names/Fraudulent Data section of the criminal history report below.

If the name you submitted to be searched is DIFFERENT from the Master Name below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. If an alias or fraudulent name used by the person who is the Master Name is similar to the name you submitted for searching, that does not mean that the person whose name you submitted for searching has a criminal history. It means that the person associated by fingerprints with the Wisconsin criminal history below has used a name similar to the name you submitted for searching.

If the name you submitted to be searched is THE SAME as the Master Name below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. That is because the Master Name is the name attached to the initial fingerprint submission to CIB that is associated with the reported criminal history, may have been an alias name or a name similar to the name you submitted for searching.

To determine whether the Wisconsin criminal history below actually belongs to the person whose name and other identifying information you submitted for searching, compare the information reported below to the other information you have obtained about that person. Inconsistencies may indicate that the criminal history reported below does not belong to the person whose name and other identifying information you submitted for searching. You may need to ask for clarification from the person whose name and other identifying information you submitted for searching.

Before you make a final decision adverse to a person based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The person should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

The Wisconsin criminal history report below may not show all arrests for the person whose fingerprints are associated with the reported criminal history. However, the criminal history report contains all information that has been provided to the state criminal history database that may be released in response to your request.

The results of this search are effective and current for the date of this search only. A new search request should be submitted at a later time if an updated response is needed.

NOTICE TO EMPLOYERS

It may be a violation of state law to discriminate against a job applicant because of an arrest or conviction record. Generally speaking, an employer may refuse to hire an applicant on the basis of a conviction record only if the circumstances of the offense for which the applicant was convicted substantially relate to the circumstances of the particular job. For more information, see Wisconsin Statute 111.335 and the Department of Workforce Development's publication, Arrest and Conviction Records Under the Law.

Before you make a final decision adverse to an applicant based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The applicant should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

To: Village Board
Submitted By: Chief Torin J. Misko
Subject: Operator License for Kurt Baur

Details: I am recommending denial of Kurt Baur's Operator License application due to him being under active supervision through the WI Department of Corrections Probation and Parole. I had phone contact with Baur's Probation Agent Erin Hawkinson on June 16, 2022, at 3:20 pm and confirmed that Baur was on probation and as part of his supervision he has a rule in place that prohibits him from possessing alcohol. Agent Hawkins informed me that Baur would not be able to be a bartender while on probation and asked me to deny his application. I left Baur a voicemail on June 16, 2022, at approximately 5:00 pm informing him that he is on probation and not allowed to possess alcohol. I informed Baur on the voicemail that he can come in to remove his application or he could attend the next Village Board meeting to explain why he should be granted the license. As of June 20, 2022, at 1:30 pm I have not heard back from Baur.

Baur is on probation for a 2020 arrest where he was convicted of 2 counts of misdemeanor possession of marijuana and one count of misdemeanor drug paraphernalia on December 3, 2021.

Financial Remarks: None

- Options & Alternatives:**
1. Deny the Operator License for Baur due to the conditions of his probation through the Department of Corrections.
 2. Approve the Operator License for Baur which would cause him to be in violation of the conditions of his probation through the Department of Corrections.

Executive Recommendation: Deny Kurt Baur's Operator License application.

STATE OF WISCONSIN
DEPARTMENT OF JUSTICE

Request Date: **6/13/2022**

Report Date: **6/13/2022**

This criminal background check was performed by searching the following data submitted to the Crime Information Bureau

Name: **BAUR, KURT T**

Date of Birth: **7/14/1983**

Alias Names:

IMPORTANT EXPLANATION ABOUT HOW TO UNDERSTAND THIS RESPONSE

This response reports the results of a criminal history search conducted with the name, date of birth, and any other identifying data you provided. The identifying data you provided is printed above. If you submitted fingerprints with your search request see the statement below.

Read this entire explanation, the How to Read the Following Criminal History Report section and the Notice to Employers section. Read these sections carefully to understand how this response relates to the identifying data you provided.

Printed below these explanations is a Wisconsin criminal history record that has been identified as a possible match to the identifying data you provided.

A criminal history search based only on a name, date of birth, and other identifying data that is not unique to a particular person (like sex or race) may result in:

1. Identification of criminal history records for multiple persons as potential matches for the identifying data submitted, or
2. Identification of a criminal history record belonging to a person whose identifying information is similar in some way to the identifying data that was submitted to be searched, but is not the same person whose identifying data was submitted for searching.

The Crime Information Bureau (CIB) therefore cannot guarantee that the criminal history record below pertains to the person in whom you are interested.

You must carefully read the entire Wisconsin criminal history record below in order to determine whether the record pertains to the person in whom you are interested.

Do not just assume that the criminal history record below pertains to the person in whom you are interested.

Additional information about finger-based search submissions: Fingerprint-based background checks generally provide a more reliable result and are prone to fewer false matches due to the specific identifying features of fingerprints.

HOW TO READ THE FOLLOWING CRIMINAL HISTORY REPORT

The criminal history reported below is linked by fingerprints to the name appearing directly after these explanatory sections, following the label IDENTIFICATION. That name is the name that was provided by the fingerprinted person the first time his or her fingerprints were submitted to CIB; it may or may not be the real name of the fingerprinted person. That name is called the Master Name in these explanatory sections.

It is not uncommon for criminal offenders to use alias or fraudulent names and false dates of birth, sometimes known as identity theft. Other names used by the person identified who is the Master Name are listed in the Alias Names/Fraudulent Data section of the criminal history report below.

If the name you submitted to be searched is DIFFERENT from the Master Name below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. If an alias or fraudulent name used by the person who is the Master Name is similar to the name you submitted for searching, that does not mean that the person whose name you submitted for searching has a criminal history. It means that the person associated by fingerprints with the Wisconsin criminal history below has used a name similar to the name you submitted for searching.

If the name you submitted to be searched is THE SAME as the Master Name below, the Wisconsin criminal history record below may belong to someone other than the person whose name and other identifying data you submitted for searching. That is because the Master Name is the name attached to the initial fingerprint submission to CIB that is associated with the reported criminal history, may have been an alias name or a name similar to the name you submitted for searching.

To determine whether the Wisconsin criminal history below actually belongs to the person whose name and other identifying information you submitted for searching, compare the information reported below to the other information you have obtained about that person. Inconsistencies may indicate that the criminal history reported below does not belong to the person whose name and other identifying information you submitted for searching. You may need to ask for clarification from the person whose name and other identifying information you submitted for searching.

Before you make a final decision adverse to a person based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The person should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

The Wisconsin criminal history report below may not show all arrests for the person whose fingerprints are associated with the reported criminal history. However, the criminal history report contains all information that has been provided to the state criminal history database that may be released in response to your request.

The results of this search are effective and current for the date of this search only. A new search request should be submitted at a later time if an updated response is needed.

NOTICE TO EMPLOYERS

It may be a violation of state law to discriminate against a job applicant because of an arrest or conviction record. Generally speaking, an employer may refuse to hire an applicant on the basis of a conviction record only if the circumstances of the offense for which the applicant was convicted substantially relate to the circumstances of the particular job. For more information, see Wisconsin Statute 111.335 and the Department of Workforce Development's publication, Arrest and Conviction Records Under the Law.

Before you make a final decision adverse to an applicant based on the following criminal history record, in addition to any other opportunity you offer the applicant to explain the following criminal history record, please notify the applicant of:

1. His or her right to challenge the accuracy and completeness of any information contained in a criminal history record, and
2. The process for submitting a challenge.

The applicant should submit his or her challenge to CIB on Form DJ-LE-247. Form DJ-LE-247 is available free of charge on the Department of Justice website at <http://www.doj.state.wi.us/dles/cib/background-check-criminal-history-information> or by calling (608) 266-7314. A challenge may include a request for comparison of the fingerprints of the person submitting the challenge to the fingerprints on file that are associated with the Wisconsin criminal history record below.

To: Village Board	Date: 06/20/2022
Submitted By: Chief Torin J. Misko	
Subject: Operator License for Kurt Baur	

Details: I am recommending denial of Kurt Baur's Operator License application due to him being under active supervision through the WI Department of Corrections Probation and Parole. I had phone contact with Baur's Probation Agent Erin Hawkinson on June 16, 2022, at 3:20 pm and confirmed that Baur was on probation and as part of his supervision he has a rule in place that prohibits him from possessing alcohol. Agent Hawkins informed me that Baur would not be able to be a bartender while on probation and asked me to deny his application. I left Baur a voicemail on June 16, 2022, at approximately 5:00 pm informing him that he is on probation and not allowed to possess alcohol. I informed Baur on the voicemail that he can come in to remove his application or he could attend the next Village Board meeting to explain why he should be granted the license. As of June 20, 2022, at 1:30 pm I have not heard back from Baur.

Baur is on probation for a 2020 arrest where he was convicted of 2 counts of misdemeanor possession of marijuana and one count of misdemeanor drug paraphernalia on December 3, 2021.

Financial Remarks: None

Options & Alternatives:

1. Deny the Operator License for Baur due to the conditions of his probation through the Department of Corrections.
2. Approve the Operator License for Baur which would cause him to be in violation of the conditions of his probation through the Department of Corrections.

Executive Recommendation: Deny Kurt Baur's Operator License application.

Subject: Consideration of a motion to affirm the Park and Recreation Board approval of the special event in Nixon Park, Splash Pad 10 Year Anniversary, July 14, 2023.	
Details: Included in the Village Board packet is the special event packet.	
Executive Recommendation: Staff recommends approval of this event.	
Financial Remarks: Staff recommends the waiving of fees.

Village Of Hartland:

On behalf of the Hartland-Lake Country Rotary Club, I am requesting to reserve one or both North shelters (if I can only get one, would prefer the easterly one) for our club to have our annual Splash Pad celebration. After building the splash pad and donating it to the Village, we have annually tried to hold our weekly lunch meeting for our club members there on a Friday in summer. We also invite the original donors and partners, the entire community to come out for a free hot dog lunch, we play some music, give away some free stuff to kids, and collect food items and money for the Hartland Food Pantry. Typically the Hartland Rec kids come over from Hartland North and we feed all those kids! We invite local day cares, etc. This year is the 10 year anniversary of the completion of the pad so we're trying to again host this event and have a "Birthday Party" for the splash pad.

In the past, the Village has waived rental fees for this event and we would request the same this year. We are a 501(c)4 organization.

Please call me with any questions and I will appear (or send a representative of the club) on June 5 and June 12 to your meetings.

Thank you.
Mike
